DACHT : GG 358	magazine	175th anniversary Issue of the Spectator containing several references to Graham who was its cinema critic from 1935 to 1940 and its literary editor in 1940/41 - see front cover (picture); pages 86 to 87; and 130. The latter reference describes the confusion caused when the Spectator set a competition to write an extract from an imaginary novel by Graham Greene. Graham's entry was not amongst the first five but it subsequently formed the opening paragraph of his Berkhamsted-based book The Captain and the Enemy. The winning entry was eventually traced to Sir Hugh Greene, Graham's younger brother, and describes Berkhamsted station.
